CREATE, AUTOMATE, ACCELERATE LAUNCHES NEW WEBSITE

With the launch of the book's website comes an opportunity to secure a free pre-launch copy of Create, Automate, Accelerate

Create, Automate, Accelerate – Leon Jay's new book that will launch on July 21st 2015 – is pleased to announce the launch of its fully-featured website (CreateAutomateAccelerate.com). The new site allows readers to secure a free preview copy of Create, Automate, Accelerate, which will be available before the book's official launch date.

The new website for Create, Automate, Accelerate features information about the author, Leon Jay, who is currently preparing for the launch of his third book, as well as a media kit and bonus features. The website is a one stop source where readers and press can find out more about the controversial business blueprint book.

Create, Automate, Accelerate takes a provocative look at what is required to build a business. It utilizes the 5 P's of Priority: Purpose, Passion, People, Place and Profit, and teaches its readers the importance of asking the right questions and getting them answered in the right order, as well as methods to do so.

In summary, Leon Jay describes Create, Automate, Accelerate as "a book to help the reader find the deeper meaning for their life through their business. It helps to do so through combining philosophy, simple models and frameworks as well as real life examples".

While pre-launch reviews are being collected, those who have already read the book are praising Leon Jay's latest work. "Create, Automate, Accelerate cuts through the fluff of most other business books. Jay's book will challenge you and force you to define your endgame in business. It's Thiel's "Zero To One" meets Kahneman's "Thinking, Fast and Slow". This one just might save you a decade in your career. Highly recommended," said Zach Grove.

Reviewers, interviewers, bloggers, journalists and others who are interested in reviewing the book can visit CreateAutomateAccelerate.com for more information. Create, Automate, Accelerate will launch on July 21st, 2015.
